

Who We Are:

At Childtime Learning Centers, we inspire our teachers to be great! Headquartered in Novi, MI, Learning Care Group, Inc. provides early education and care services to children between the ages of six weeks and 12 years under its umbrella of brands: The Children's Courtyard, Childtime Learning Centers, La Petite Academy, Montessori Unlimited and Tutor Time Child Care / Learning Centers. Today, the company is the fastest-growing, second largest for-profit child care provider in North America.

Between these five brands, Learning Care Group has more than 1,100 schools (corporate and franchise) with a system-wide capacity to serve close to 155,000 children in the U.S. and internationally. The children are cared for and educated by more than 22,000 dedicated Center Directors, Academy Directors and teachers. A team of approximately 425 support center employees who are located in our corporate offices provide support within a culture of service excellence.

On January 10, 2006, Learning Care Group, Inc. was acquired by A.B.C. Learning Centres Limited (ASX:ABS) - the largest child care service provider in Australia.

Guiding our efforts are our Mission, Vision and Values. These values include a commitment to the development of a culture of service and professional excellence in each of our centers and we are proud of the reputation we have earned in the childcare industry. We understand the importance of our corporate values, which are: honesty, trust, passion for excellence, love of learning and innovation!

We are poised to fulfill our mission of becoming the premier child and family education corporation in the world.

We provide the right tools and training so that our teachers can be their best.

Our exciting new curriculum was recently designed by early education specialists. It was developed to nurture the whole child, providing science, math, reading and writing concepts through hands-on sensory-oriented activities. Our curriculum is child directed and requires teachers to use their excellent facilitation skills. The classroom environment is natural and homelike in order to promote the social, physical and intellectual growth of the children.

We're proud to be an international leader in child education and family solutions, which impact and inspire lifelong learning.....and we want to inspire YOU to be great!
